PROFILE

Front-End Developer with proven experience. Started working with HTML/CSS/JAVASCRIPT in 2017, In january of 2022 I started working with Angular and Typescrip.
I also have experience with the Adobe Illustrator, Photoshop, InDesign, Premiere pro and After Effects

WORK EXPERIENCE (INDIVIDUAL LABOUR CONTRACT)

Programator 08/2021-12/2021
Midnight Works

 Using the Unity software and C# language I developed the mobile game "The Miner's Dreame". I created every gameplay element from menu functionality to power-ups, level-design, animations (2d / 3d)...

The Miner's Dream (Google Play)

Script Writer | 04/03/2019-29/06/2019
IPSOS Interactive Services

 Using the programing language "dimensions" I created custom online survey for clients by programing the logic for each question.
