MUSAT GEORGE PETRUT

< SOFTWARE DEVELOPER />

PROFILE

Front-End Developer with proven experience. Started working with HTML / CSS / JAVASCRIPT in 2017, after lots of experimenting with different technologies (Unity, C#, Unreal), I decided to focus my efforts on web technologies like Angular and Django. I also have experience working as graphic designer using Adobe Illustrator, Photoshop, InDesign, Premiere pro and After Effects

/ WORK EXPERIENCE

Front end developer

Matrix Software House   05/2022-10/2022

As front end developer for Matrix I created, in collaboration with a team, websites using HTML, CSS, JAVASCRIPT, .NET, UMBRACO 8, BOOTSTRAP.

Programator

Midnight Works   08/2021-12/2021

Using the Unity software and C# language I developed the mobile game "The Miner's Dreame". I created every gameplay element from menu functionality to power-ups, level-design, animations (2d / 3d).

Game Tester

SMARTREE ROMANIA SRL (EA)   10/2019-05/2020

I worked on Battlefield 5 and Madden 21.

Script Writer

IPSOS Interactive Services   03/2019-06/2019

Using the programing language "dimensions" I created custom online survey for clients by programing the logic for each question
